If you can’t find the tutor, ask around because the tutor may be helping someone else.
If a tutor is unable to attend their scheduled hours we will attempt to find a replacement.
If no tutor is present at a scheduled time, please call or email Prof. Boothe, 780-4789, boothe@maine.edu

Or if you need a tutor for an evening or weekend, you can contact Alex Hennings. He is a graduate of the USM COS program and previous tutor. He charges for tutoring, but is flexible if money is tight. 207-939-9971 alex.hennings@maine.edu
